**Polmex ® is a Western Australian family owned and operated Engineering Company based in Perth.** We are an Australian-registered business, with ABN: 68 443 940 751 and our company name is a registered trade mark, registration number 1268758. Our postal address is: PO Box 64, Innaloo City, Western Australia 6913

You can buy from us in confidence knowing that you are dealing with a real Australian business supplying 100% Australian designed and manufactured product.

**We specialise in design and manufacture of small, special purpose silicone products.** Our product is made from high quality German Silicone that offers outstanding ageing behaviour. Our unique product offers our clients cheaper alternative to buying a whole new remote key and incurring additional costs associated with re-programming.

Our firm consists of a core group of highly experienced and qualified engineers who are specialists in their own fields. We are able to deliver a wide range of services from design through tooling to manufacturing, leading to the delivery of the finest product.

**Polmex are Pioneers in introducing to the market Silicone buttons for worn out car remotes.** We supply key buttons replacement for popular makes and models: Holden Commodore, Toyota, Mitsubishi, Ford, Nissan, Hyundai, Kia and Land Rover Discovery remote.

**We've been established since 1999 for the purpose of engineering design and manufacture and since 2008 we've been trading on line.** We've been recognized by our clients as a business committed to providing the best possible quality product/service with ever growing outstanding feedback comments.

We are committed to keeping our prices very low despite the high cost of precision tooling and difficulty in the manufacturing of small items. We do not charge any postage and handling fees for purchases made within Australia. We keep you informed every step of the way.

We design products to client's requirement and save you money. Please check our web site for products and purchase. If you have special order do not hesitate to contact us and we will strive to deliver the best solutions to your problem.

**To our valued customers, we thank you for shopping with us, and look forward to providing the highest standard of service**
